BI-MUpiù

Book now your 15-minute slot for your presentation!

WHAT IS BI-MUpiù

**A great promotional
opportunity for the exhibitors**

BI-MUpiù is the arena area set up in one of the hall of 35.BI-MU. During the whole trade show, it will propose meetings, one-to-one discussions, performances and insights offered by the organisers and by the exhibitors. The arena space of **BI-MUpiù** will host up to 80 people.

Besides the cultural insight events arranged by the exhibition organisers, in the arena space of **BI-MUpiù exhibitors will have the possibility to present their best product offering and their novelties, by booking a 15-minute time slot.**

In this way, the exhibitors of **35.BI-MU** will have at their disposal **a further opportunity of communication "outside their stands", COMPLETELY FREE OF CHARGE** and with a high-visibility value.

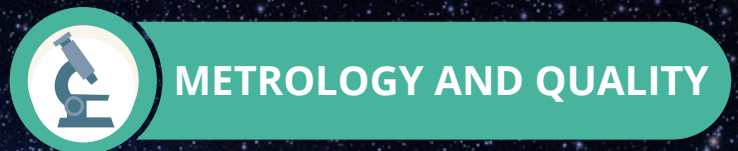

The programme of the meetings, organised according to the topics of interest for the operators of the sector, will be defined by the organisers on the basis of the exhibitors' proposals. Therefore, the exhibitors will be the real "key players" of **BI-MUpiù**, bringing their innovations and their enterprise stories on the stage.

The issues discussed will reflect the technological product offering on show. They are specified here after, in order to allow the exhibitors to choose the area of interest that can be more appropriate for their activities.

Then the timetable of events will be issued through all communication channels used to promote **35.BI-MU** (websites, social networks, newsletters, trade magazines, newspapers, leaflets, etc).

All the events that will take place inside the arena will be broadcast live on bimu.it

THE SUBJECTS ARE:

HOW

TO PARTICIPATE?

Participating is very easy and there are no additional costs!

- 1. Fill in the enclosed form** and send it to bimu.arena@bimu.it **not later than 17 July (subject to availability of time slots)**. Afterwards you may be contacted by the Project Team to examine together some detailed organisational aspects.
- 2. Complete with your data** and fill in all the required fields. If you can, please fill in the optional fields: they will help us to better organise the timetable of the meetings, scheduling your event on the most appropriate day.
- 3. Specify the subject** which you think may concern more what you will present on the stage of BI-MUpiù arena.
- 4. Give a preliminary title:** it will help us to better understand the content of your presentation. The Project Team may contact you for further explanations, if necessary.
- 5. Fill in also the space reserved for the abstract.** Just one line is enough to describe the general idea that will be illustrated in your presentation.
- 6. Specify your audience**, i.e. who you will invite to your event (customers, potential customers, other exhibitors, journalists, young people, professors). These details are very important also to understand how to schedule your event in the calendar.
- 7. Describe right now what communication material you will use** during the presentation: video, Power Point presentation, etc. BI-MUpiù is a real arena with a stage equipped with all technological tools that may be necessary to make your presentation spectacular.

“The rules” of BI-MUpiù

- 1. Time: you have 15 minutes** for your presentation. It is important to keep the pace of meetings, avoiding delays that, if accrued, may cause disservices to exhibitors and visitors.
- 2. On the stage of BI-MUpiù only exhibitors of 35.BI-MU** can speak. Speeches of companies or organisations included in 35.BI-MU technological index of products, which are not exhibiting at the show with their own stand, are not admitted.
- Besides the speech of the exhibiting company, **it is possible to envisage the contribution of an extra sector representative** (a customer, a partner) therefore not included in the technological index of products.
- Your presentation may include the speech of a maximum of two speakers.**
- If your presentation envisage non-Italian language speakers**, remember that you can use **only English** (for multimedia tools, too).
- To support the presentation, it is possible to use multimedia tools:** videos or slides. Please take into account that you can show a maximum of 10 slides. This limit is given to keep high the audience's attention level.
- The slides you will show will be arranged in a template (16:9), defined by the organisers** to create image uniformity. In the template you can enter your company logo, data and pictures at your discretion. In September, the organisers will provide you with the template to work on.
- Bring your company gadgets with you and a few minutes before your speech you will be able to distribute them inside the convention arena!**

AND NOW... WHAT HAPPENS?

Based on the feedback received, in July, the team in charge of **BI-MUpiù** will define a draft calendar of meetings and you will be informed accordingly.

The first programme of events of 35.BI-MU will be released by the end of July.

The calendar will be promoted, first of all, through the website bimu.it in the "Events" area, linked directly from the homepage, but it will also be promoted through newsletters, social networks, trade magazines and newspapers. Possible amendments due to the participation of new exhibitors will be taken into account and included in the programme that will be updated and issued on all channels.

SOME SUGGESTIONS

The goal of **35.BI-MU** is to give visibility to the **innovations and novelties** exhibited at the trade show: concentrate on these to define your presentation contents. While preparing your presentation think about the topic you wish to talk about and to whom you would like to address it.

This is important to define the speech outline, the speakers, the language and the support tools.

Remember to invite your public. The organisers will indicate the event in the programme publicised through all channels, but the **invitation to customers has to be sent by the exhibiting company.**

A few days before the trade show, you will receive a "summing up" email with the file you will customise (with the title, the day and the time slot of your speech) and show at your stand so to promote your company throughout the whole trade show.
